

## SUSPENSE FICTION AUTHOR T.H. MOORE DELIVERS A HARD-HITTING STORY ABOUT POLICE KILLINGS IN AMERICA

**Ashburn, VA (November 21, 2019)** — A recent study finds that about 1 in 1,000 black men and boys can expect to die as a result of police violence over the course of their lives – a risk that's about 2.5 times higher than their white peers ([Amina Khan](#), staff Writer, *LA Times* -Aug. 16, 2019). Third time author, TH Moore's third novel *I AM...* shares the story of one family's experiences with a police killing that affects not only their lives, but also leads to a trial in the nation's capital where a D.C. jury is charged with delivering a verdict that will save the U.S. from the threat of total anarchy.

“My motivation for writing this novel stemmed from my growing concern over the frequency of the police killing unarmed citizens. A conversation, first acknowledging this systemic issue, coupled by viable solutions aimed at eradicating this epidemic of violence must happen before things get completely out of control.” says Moore. “My novel is a work of fiction, but it equally demonstrates what *could* happen.”

### *I AM...* - Synopsis

“I AM...” follows a young successful African American couple, police sergeant Xavier and trauma surgeon Sandy, who are forced to pick up the pieces of their marriage after the violent loss of their young godson at the hands of a local policeman. The couple's tragic loss sparks not only their community's anger but also the rage of a vigilante. A nationwide killing spree ensues, targeting corrupt police officers, beginning in Texas and spreads to the nation's capital in Washington, DC where a suspect is ultimately charged. The burden of justice falls upon a DC jury who must deliver the country from the brink of anarchy. Yet, regardless of their verdict, America will never be the same.

“An audacious story and read.” — **Omar Tyree**, *New York Times* bestselling author.

“A daring story!” — **Dr. Christopher C. Irving**, CEO of The Miller Institute for Leadership & Diversity in America.
